Website: <http://www.ges.com>

INTERNATIONAL EXHIBITION SHIPPING: Shipping to an international trade show is a specialized process with unique requirements. GES Logistics and our network of international exhibition forwarding companies offer a full menu of transportation and customs brokerage services, including air, ocean and surface freight, export and import customs formalities, assistance with the correct documentation, posting of all bonds and payment of duties and taxes when applicable, on site material handling, and return or on forwarding logistics services. GES Logistics requires that our customers receive a written cost estimate of their charges based on the information provided by the exhibitor. If the customer accepts the cost estimate, they must provide GES Logistics with a written confirmation or a signed shipping order (for outbound charges). All cost estimates are subject to GES Logistics' and our carriers' terms, conditions, limits of liability and instructions. The actual charges billed are based on the actual weight, dimensions, value and circumstances of an actual shipment

WORLDWIDE NETWORK: GES Logistics are part of an extensive network of qualified international shipping companies familiar with handling tradeshow and exhibition cargo. Our partners who represent GES Logistics will contact each international exhibitor to answer any questions and to obtain your shipment details. Or please contact Mike Kovac, mkovac@ges.com, for our representative in your country.

SHIPPING WARNINGS: Please be advised that it is important to adhere to the shipment deadlines. **Furthermore, the following items may require special clearance or documentation: plants, drugs, chemicals, test kits, food, beverages, textiles, wearing apparel, electronic equipment, computers, cameras, lasers and computer monitors. Please contact us for more information.**
